

Chimpanzee with Double  
Facial Triangles

Dog with aggressive positive  
Facial Triangle. (Note head  
tilted back with ears flattened  
to maintain the Triangle)

Male Deer (Front)  
(Antlers repeat positive  
facial triangle)

Female Deer (Rear)  
(Rump patch makes positive  
genital triangle)

Visually-mating Mammals' Facial  
and Genital Triangles
